If yes, please specify:

4. I currently hold the following positions in soccer:

5. The following facts and circumstances may give rise to potential conflicts of interest for me:

6. To assist the Committee in assessing actual, potential, or perceived conflicts of interest, please disclose all soccer-related activities, relationships, and interests you have had within the past five (5) years in Canada, including any that may reasonably be perceived to influence your independence or judgment.

This includes, without limitation, involvement in:

- Amateur or grassroots soccer, including clubs, leagues, academies, or community programs;
- Provincial or territorial soccer associations, including any member or affiliated associations;
- Professional or semi-professional soccer, including leagues, clubs, governing bodies, or soccer-related commercial entities.

For each activity, relationship, or interest, please provide:

- The name of the organization or entity;
- The nature of the relationship or role (e.g., volunteer, employee, consultant, contractor, advisor, board or committee member);
- Whether the role was paid or unpaid;
- The time period of involvement;
- Any ownership, financial, or beneficial interest, whether direct or indirect.

In addition, please disclose whether any member of your household (including spouse, partner, or dependent) has had, within the past five (5) years, any soccer-related employment, consulting arrangements, volunteer roles, governance positions, or ownership or financial interests in Canada that could reasonably give rise to an actual, potential, or perceived conflict of interest. Please provide the same level of detail.

Applicants are reminded that a conflict of interest may exist even where no improper conduct has occurred, and includes actual, potential, and perceived conflicts. Please note that any involvement in soccer-related activities does not necessarily disqualify your application, but it must be disclosed.

If you have no such activities, relationships, or interests, please explicitly state "None."
